

"اقتصاد آفریقای جنوبی در سال ۲۰۲۲ از دید تحلیلگران اقتصادی"

با آغاز سال جدید میلادی اقتصاددانان و تحلیلگران اقتصادی با توجه به شرایط سیاسی و اقتصادی کشور تحلیلها و چشم اندازهایی را در خصوص اقتصاد این کشور ارائه می دهند که بیشتر آنها پیش بینی امیدوار کننده ای از آینده اقتصادی ندارند. اغلب آنها می گویند اقتصاد آفریقای جنوبی در سال ۲۰۲۲ سال خوشی را پیش رو نخواهد داشت. آنها معتقدند که در سال ۲۰۲۱ بعد از سال ۲۰۲۰ که به دلیل کورونا کاهش تولید ناخالص داخلی بیش از ۶ درصد را تجربه کرد، توانست تا حدی به لطف افزایش قیمت مواد معدنی خود را باز یابد و رشدی نزدیک به ۵ درصد را کسب کند. اما در سال ۲۰۲۲ این میزان رشد را نخواهد داشت. آنها با ارائه دلایل مختلف اقتصادی و سیاسی، دورنمای اقتصاد آفریقای جنوبی را در سال جدید چندان امیدوارکننده نمی دانند. آنها مشکلات اقتصادی طولانی مدت از جمله، بیکاری فزاینده، بدهی رو به افزایش دولت، ناکارآمدی و ورشکستگی شرکتهای دولتی و ... را از معضلات اقتصادی مهم می دانند. از سوی دیگر درگیریهای داخلی حزب ANC که باعث شده این حزب نتواند تصمیمات جدی برای معضلات فوق بگیرد را یکی از دلایل بدبینی نسبت به بهبود شرایط اقتصادی کشور در سال جاری می دانند.

دانیل سیلک، مدیر موسسه مشاوران آینده سیاسی^۱، برای سال ۲۰۲۲ پیش بینی کرده است: «یک سال آشفته دیگر در راه است.» وی می گوید با توجه به برگزاری کنفرانس ملی انتخابی ANC برای دسامبر ۲۰۲۲، جایی که رئیس جمهور سیریل رامافوزا برای یک دوره دیگر برای ماندن در سمت ریاست جمهوری تلاش خواهد کرد، پذیرش ریسک تغییر سیاست های اقتصادی بسیار بعید است. وضعیت نامطلوب ANC، همه گیری کورونا ۹ و زیرساختها با اقتصادی در حال فروپاشی کشور، به ویژه قطع مداوم برق همچنان رشد اقتصادی را خفه می کند. وی می گوید باید برخی از جنبه های بیش از حد تنظیم شده اقتصاد را رها کنیم و دولت را از بسیاری از شرکت هایی که عمدتاً سوءمدیریت کرده اند خارج کنیم.

داوی رودت، اقتصاددان^۲، سال ۲۰۲۲ را برای اقتصاد کشور سال غم انگیزی پیش بینی کرده است و می گوید اگر دولت تصمیمات جسورانه ای برای افزایش رشد اقتصادی اتخاذ کند، مسیر منفی اقتصاد کشور می تواند تغییر کند. وی می گوید برای نجات اقتصاد کارهای زیادی وجود دارد که می توان انجام داد اما متأسفانه دولت خود را در گوشه ای قرار داده است که بیرون آمدن از آن بسیار دشوار خواهد بود. رودت گفت که عوامل

^۱ Political Futures Consultancy
^۲ director and chief economist of Efficient Group

اصلیرشد تولید ناخالص داخلی این کشور در سال ۲۰۲۱ که به حدود ۵ درصد رساند، رهائی از اثرات مخرب کورونا بر اقتصاد در سال ۲۰۲۰ و تقویت قیمت کالاهای صادراتی به ویژه تولیدات معدنی بود. البته او انتظار دارد که قیمتتولیدات معدنی در سال جدید به میزان قابل توجهی کاهش یابد که این امر باعث کمک به کاهش رشد اقتصادیخواهد شد. او مشکلات Eskom، احتمال شیوع مجدد کورونا را به مشکلات بدهی مالی کشور اضافه می کند. یکی از موضوعات مورد توجه رودت، ۳۰ میلیون نفری هستند که درآمدهای آنها به دولت وابسته است. وی می گوید وضعیت مالی دولت کاملاً ناپایدار شده و درآمدهای ۳۰ میلیون طی سه سال آینده کاهش مییابد و آنها به شدت عصبانیخواهند شد. مشکل دیگر انتخابات آینده است و در دوره انتخابات سیاستمداران دوست ندارند بودجه های دولتی را کاهش دهند. رودت گفت که تصمیم گیران کشور باید به طور جدی به این موضوعات رسیدگی کنند و همچنین سیاست های بازار / اقتصاد محور بهتری را برای ارتقای تجارت و سرمایه گذاری اتخاذ کنند.

آلن موکوکی، رئیس اتاق بازرگانی و صنعت آفریقای جنوبی، می گوید شرایط اقتصادی و تجاری در ماه جولای (به دلیل ناآرامیها) بی ثبات شده بود، اما در حال حاضر باثبات شده است. وی می گوید شرایط از ماه اکتبر رو به بهبودی گذاشته است. با این حال، اشتغال وضعیت خوبی ندارد. او گفت البته انتظار بهبود شرایط را در شش ماه آینده دارند.

دوما گوبله^۳ Duma Gqubule، می گوید که اقتصاد آفریقای جنوبی هنوز راه درازی برای احیا در پیش دارد. وی مهمترین و فوری ترین مشکل دولت در سال ۲۰۲۲ را مقابله با بیکاری عنوان می کند. البته وی عملکرد رئیس جمهور رامافوزا در چهار سال گذشته را ناامیدکننده خوانده و می گوید بعد از ۴ سال وی چیزی برای عرضه ندارد. این کشور با توجه به نرخ بیکاری ۳۴.۹ درصدی (بالاترین رقم تاکنون) و همچنین افزایش تورم و نرخ بهره برای اولین بار از زمان شروع همه گیری کورونا، قطعی مداوم برق، اعتماد اندک کسب و کارها و مصرف کننده و بی اعتمادی سیاسی، نمی توان انتظار سرمایه گذاری داشت.

پروفسور جانی روسوو از مدرسه بازرگانی Wits نیز دولت و حزب حاکم را مورد انتقاد قرار می دهد و با اشاره به انتخابات حزبی دسامبر سال ۲۰۲۲ می گوید، انتظار می رود در این سال تنها سخنان امیدوار کننده شنیده نه اقدام مناسب. وی می گوید اگر دولت کنترل نهادهایی مانند Transnet (شرکت حمل و نقل ریلی آج) و بنادر را برای اداره به بخش خصوصی واگذار کند، آنها می توانند خیلی بهتر عمل کنند، اما دولت می خواهد همه چیز را کنترل کند. در حالی که ANC مشکلات مالی خود را دارد و حتی قادر به پرداخت حقوق کارکنان خود نیست، همچنان به دنبال معاملاتی است که تنها به نفع خودش است. وی خرید برق از کشتیهای سیار ترکیه

^۳ Founding director at the Centre for Economic Development & Transformation

ای Carpowership را مثال زده و می گوید به محض اینکه دیدم وزیر در مورد همکاری تجاری هیجان زده می شود، می دانم که در پشت صحنه منفعتی برای ANC وجود دارد.

ملاحظه:

اقتصاددانان معتقدند اگر آفریقای جنوبی بخواهد اقتصاد ویران شده توسط محدودیت‌های قرنطینه‌های و کمبود برق را بازسازی کند، بازگرداندن اعتماد و اطمینان تجاریو اقتصادی باید فوراً شروع شود و این تنها در صورتی می تواند اتفاق بیفتد که بخش های دولتی و خصوصی با یکدیگر همکاری کنند و این امر نیازمند این است که درگیریهای درون حزبی ANC سریعاً حل و فصل شود. آنها رشد تولید ناخالص داخلی سال ۲۰۲۲ را حدود نیمی از تقریباً ۵ درصدی خواهد بود که این کشور در سال ۲۰۲۱ به دست آورد اما با وجود وضعیت وخیم بیکاری آفریقای جنوبی، هیچ افزایشی در ایجاد شغل وجود نخواهد داشت. به گفته آنها، یکی از عوامل مهمی که همچنان اقتصاد را در تنگنا نگه می‌دارد، جناح‌گرایی و درگیری‌های درونی در حزب حاکم ANC است که این حزب را از ایجاد تغییرات جسورانه در سیاست‌های اقتصادی برای خارج کردن کشور از باتلاق مالی که در آن قرار دارد، باز می‌دارد. آنها با وجود اینکه رشد اقتصادی آفریقای جنوبی در سال ۲۰۲۲ را ۲ درصد و بیشتر می‌دانند. اما معتقدند این میزان رشد، به اندازه‌ای نیست که اقتصاد آفریقای جنوبی را از بحرانهای متعدد نجات دهد. آنها به دلیل مشکلات ساختاری و فرسودگی زیرساختهای کشور، بهبود شرایط اقتصادی را نیازمند تصمیمات جدی و سخت دولت می‌دانند. آنها می‌گویند دولت رامافوزا در ۴ سال گذشته نتوانسته تصمیم جدی برای این معضلات بگیرد، حال چگونه می‌توان انتظار داشت در شرایطی که حزب حاکم ANC دچار اختلافات داخلی شدید است، انتخابات محلی و درون حزبی در این سال برگزار خواهد شد و رئیس جمهور رامافوزا به دلیل ضعف عملکرد چهارساله اش مورد انتقاد جدی است، تصمیمات سخت برای بهبود شرایط اقتصادی بگیرد.
